

**THE INDUSTRY
ON THE MOVE!**

**La
FRENCH
FAB**

#FrenchFab

WHAT IS THE FRENCH FAB?

A SHOWCASE FOR

the innovative and creative excellence of the French industrial ecosystem today

AN IDENTITY TO REPRESENT

the confidence and national pride of French industry today

AN ENTREPRENEURIAL NARRATIVE

of sustainable venturing by French entrepreneurs as they develop their ventures

A BANNER TO UNITE FRENCH ENTREPRENEURS AS ONE TEAM

in France and abroad

A MARKETING TOOL TO PROMOTE

and attract talent and capital investment

A PROMOTER OF FRENCH KNOW-HOW

from traditional craftsmanship to futuristic innovative design with a highly skilled, qualified and ambitious workforce

A PLATFORM FOR THE INDUSTRY OF THE FUTURE « À LA FRANÇAISE »:

Digitalization of the value chain - Automation - Monitoring and Control - Energy Efficiency, Environmental Footprint - Composites, New Materials and Assembly - Additive Manufacturing and workforce agility

A HUB FOR THE ENTIRE FRENCH INDUSTRIAL ECOSYSTEM

from the smallest to the largest company structure

A FORUM FOR THE ENCOUNTER

between a high-performance industrial base with the spark of innovative genius from our startups

A NETWORK OF FRENCH COMPANIES,

at the heart of the national economy and motor for generating employment in our regions

COMPANIES IN THE FRENCH FAB

French **INDUSTRIAL** companies and their **SERVICE PROVIDERS** operating throughout France

AMBITIOUS, forward-looking French companies committed to **GROWTH, INNOVATION, EXPORT** and ready to progress as a team

French companies **WITH STRONG ROOTS IN THEIR REGION** pursuing a long term growth strategy

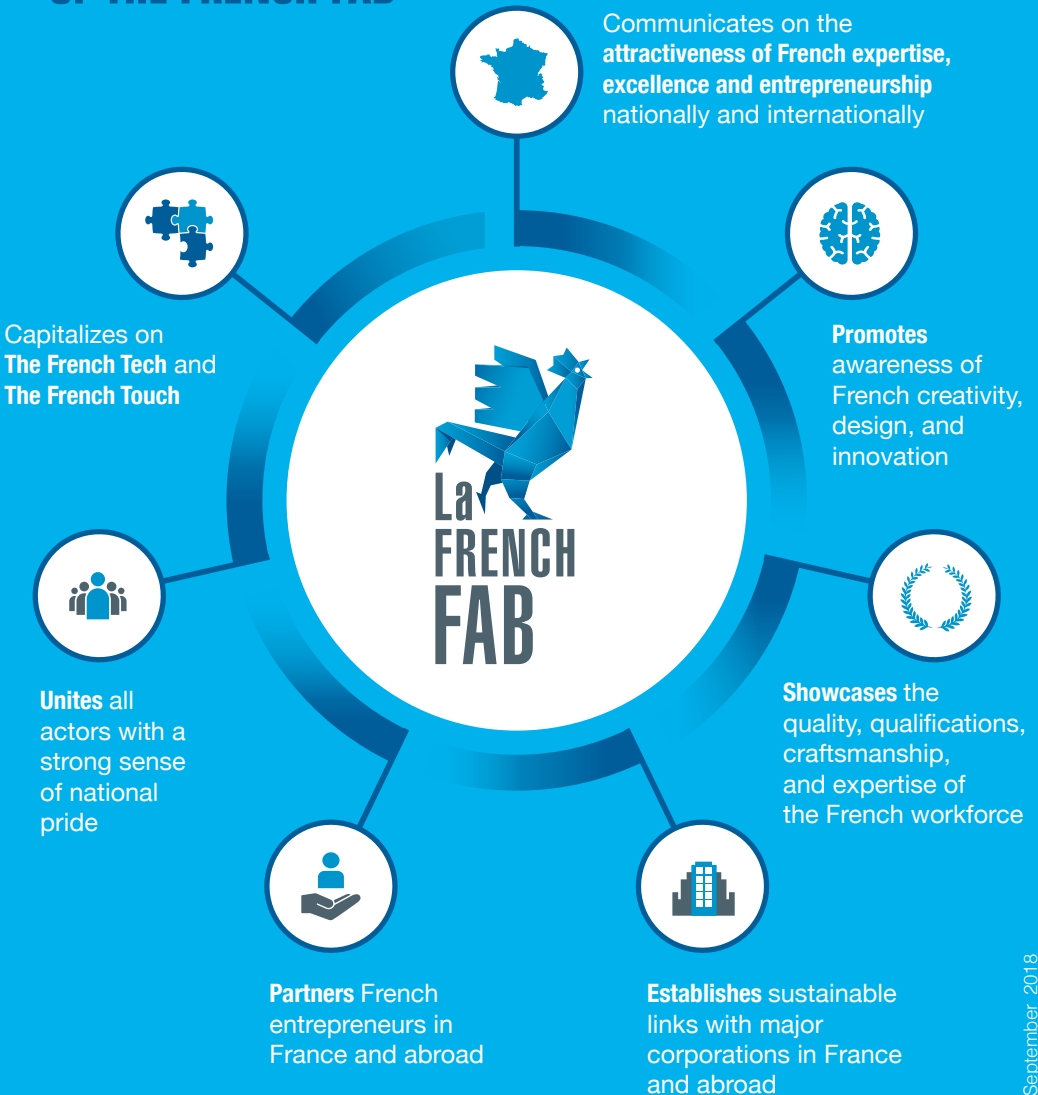

FRENCH SMI, ETI, AND MAJOR INDUSTRIAL GROUPS focused on **GENERATING EMPLOYMENT**

French companies open to the evolutions brought by the **DIGITAL, NEW TECHNOLOGIES, GREEN ECONOMY** and that have the capacity to reinvent themselves
